Re: Sully ~

Harold & I have no idea how many notes & laminated pictures of newspaper items we received over the years. It was always nice to hear from him.

When we married in Jan. 2009, we received a "congrats" from him. He sent him a picture which he appreciated.

"Sully" touched so many lives.

The jokes were fun. When I worked at Willett Brothers, the coffee breaks at the small cafe, were always a fun time. I'd share some of the jokes with my "then" husband, & he called us "The Gth, Main Girls". I'd thought we shouldn't have so much fun at work.

We will not be able to attend the festivities as Harold has a bit of trouble getting around. A bit slow!

Enjoy your day - I know it will
be abet of laughs along with the
serious side.

Respectfully.
